AUTHORIZED REPAIR FACILITY / NAME / ADDRESS

HAS SUCCESSFULLY COMPLETED AN ASSESSMENT BY TOWNSEND WELL CONTROL (TWC) TO VERIFY ALL REQUIREMENTS HAVE BEEN FULFILLED TO QUALIFY AS A TWC AUTHORIZED REPAIR FACILITY. *

* SCAN QR CODE ABOVE FOR AUTHENTICATION

The Authorized Repair Facility (ARF) utilizes fundamental technical and design data, in addition to engineering assistance, required to perform repairs and/or remanufacturing services per API 553 and/or API-16AR guidelines on products listed on the TWC API Product Licenses. Under the strict supervision and coordination of TWC, the ARF may only issue the appropriate remanufacturing and test data (Data Book) and Certificates of Conformance (COCs) necessary to recertify the equipment.
